

## Single-Handle Concealed Valve (Upward Outlet) 6777-XF-80CP

### INTRODUCTION:

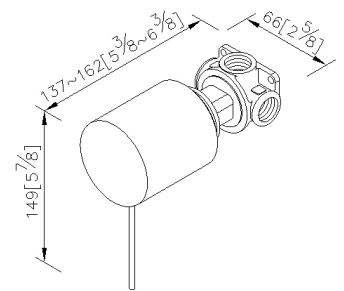

To create a comfortable bathroom space, we simplified the idea of its interior design. We would like to present a tidy, functional, but not monotone or narrow shower space for users.

Therefore, modern designers have come up a "concealed" conception with bath fittings. By removing the exposed metal pipes, the interior space can be increased a lot, making the bathroom more hygienic and natural. Eventually, taking a shower would be pleased, rather than just functional.
